 Price: ₱ 400.00
 Rent Time Frame: Daily
 Utilities: Aircondition, Phone Line, Shower and Bath, Water Supply
 Description: The Treehouse homestay style accommodation has three floors with three rooms. Eagle's Nest (third floor) and Shell Garden Suites (second floor) are private spaces. The backpacker's room (ground floor) is a shared space for seven people.

WE DO NOT USE AIRCON. The climate crisis is pushing us to our limits. The island has power shortages just like the rest of Mindanao. The Treehouse chose to go almost OFF GRID and live with the basics. We try to economize the use of electricity to a modest conservative level. For more than fifteen years, we use gravity to supply the water tanks on the third floor and converted the pool into a working space to conserve massive amount of mountain spring water and electricity for water pump plus silver ionization. The Treehouse provided an outdoor kitchen that uses organic fuel, charcoal and scrap wood to refrain from the use of

imported gas tanks. We encourage the use of bicycles and public transportation. The trees around serves as the natural cooler. Lets go GREEN.
