Listing details

Common

Title: Schismatoglottis wongii A.Hay- Potted Plant
Price: 300.00
Description: 300 pesos per potted plant

Schismatoglottis is a genus of flowering plants in the Araceae family. It is a shade loving plant with striking mint on dark green leaf foliage.

Requires medium indirect light to partial shade. Keep soil moist but not overly wet. Overwatering may lead to root rot. Plant is almost 12in height (from bottom of the top) in a 6in diameter plastic pot. Leaves around 6in -8in in length.
