Listing details

Common

Title: Sansevieria trifasciata Prain (Snake Plant)
Price: 150.00
Description: 150.00 pesos per potted plant.

Snake plant is an evergreen, succulent, perennial plant producing long, narrow, erect or slightly spreading sword-shaped leaves up to 75cm long from a rhizomatous rootstock.

The plant is cultivated for its fibre in several tropical countries, it is also harvested from the wild for local medicinal use. It is commonly grown as an ornamental in tropical and subtropical regions, and as a pot plant in many other areas of the world
