Listing details

Common

Title: Ctenanthe Setosa (Never Never Plant)- Potted Plant
Price: 300.00
Description: 300.00 pesos per potted plant

Never never plants are shade loving herbaceous plants. This evergreen, clump-forming, herbaceous perennial has large, thick leaves that feature dark green and silvery-gray stripes on the top. The undersides are also beautiful with their distinctive purple shades. They have setosa in their name as this refers to the hairy leaf stems that are found on this plant.

They belong to the family Marantaceae, often known as prayer plants, as many species fold their leaves up as if in prayer each night. The leaves are thick and some of plants grow quite tall. These attributes have made them very popular as houseplants. Their hardiness and low maintenance certainly makes them popular.
